2024

Maxell Europe Ltd (MEL) have been established in the UK for over 30 years with its head office located in Stoke Poges, Buckinghamshire.

MEL is a sister company of Maxell (Japan) which has been a leader in its field since 1961, in developing and introducing cutting-edge products into the consumer and industrial market. Our business began with dry cell batteries, the origin of the company name “Maxell” was derived from the phrase, “maximum capacity dry cell”, which has now become a renowned brand name in superior battery, optical and magnetic memory media products.

In 1980 Maxell (UK) Limited was established in the UK, later renaming in 1994 to Maxell Europe Limited (MEL).

MEL, in line with corporate policy has always been devoted to providing our customers with the finest quality products and services through the most advanced technological and innovative ideas. In order to keep pace with ever-changing needs, Maxell will continue to uphold its corporate mission: “Supporting Smart Life, Peace of mind and Cheer Around People” by continuously investing into research and development of unique technology, key products in our fields of expertise and our employees.

Maxell Europe operates across the whole of EU and EFTA trade areas.
